Lesson 14

The 17th letter in the Arabic alphabet is the letter *DHAA, a heavy DHAAL sound. We need to thicken the tongue to produce the sound.

ظ
2

Now let's combine the sound of the letter with the short vowels:

*Dha ظَ

*Dhi ظِ

*Dhu ظُ

ظ

End	Middle	Beginning
ظـ	ـظـ	ظ
ظ	ـظ	

*If the letter *DHAA is preceded by a letter that doesn't allow joining, in the middle it takes the beginning form and at the end it takes the initial form.

Examples with ظ

ظَبِ رَظُبَ أَذِظَ

زَثِظُ ظِبَرَ سَدِظِ

بَشِظَ ظُشَجَ حِبِظَ
